

## Pure Groove *essence*

Loving music

User manual

The *Pure Groove essence* is a high efficient concentrate for record cleaning with excellent cleaning results.

As the regular *Pure Groove* has to be shipped as a flammable material, **clearaudio** has developed the - *Pure Groove essence* -, with a low alcohol content. With the *Pure Groove essence* the proper fluid can be easily shipped all over the world.

For the proper use just mix the *Pure Groove essence* fluid with Ethanol denat. (90%) / Isopropyl alcohol (90%), according to the following mixing ratio. The result is the famous *Pure Groove* fluid.

### Note:

During transport or shaking of the *Pure Groove essence* it can generate some foam.

The foam disappears after adding the Ethanol / Isopropyl alcohol and you can use the *Pure Groove* as usual.

Available in:

- 0.5 Litre
- 1 Litre
- 2.5 Litre
- 20 Litre

### Mixing ratio:

**0.5 Litre = 350 millilitre** *Pure Groove essence* and you add **150 millilitre** Ethanol denat. (90%) / Isopropyl alcohol (90%)

**1 Litre = 700 millilitre** *Pure Groove essence* and you add **300 millilitre** Ethanol denat. (90%) / Isopropyl alcohol (90%)

**2.5 Litre = 1.75 Litre** *Pure Groove essence* and you add **750 millilitre** Ethanol denat. (90%) / Isopropyl alcohol (90%)

**20 Litre = 14 Litre** *Pure Groove essence* and you add **6 Litre** Ethanol denat. (90%) / Isopropyl alcohol (90%)

Empty bottles (0.5 Litre bottle and 1.0 Litre bottle) for decanting can be ordered separately at **Clearaudio**.
